

Q1: Thanks for invite me to this interview, I already ~~writing~~^{writing} so many years for today. I can still remember the first day I graduated from my school, I held my CV and did every agency I know. But today I am doing the biggest film in this ~~biggest~~ film festival. We have a lot of new technique and AI robot performing with us. Hope this is the film can make some change of the new way of film produce.

② My wife ~~is~~ has a lot of different side, people can never know her if they don't watch the film to the end, she is ~~very~~ kindly like a crazy people, but she also doing things logically that is the most funny place ~~in~~ when I try to analyse her.

③ I have doing a lot of creative work before, ~~which~~ also I have talked with a lot of people grow up at the very different place, which open my eyes and bring me a lot

of inspiring. Also which the people who have play the
same role before and try to think about why they doing
that, and what they think, is really interesting and helpful.

④ I have read the script with director first, so they have
told us about their opinion. We can discuss about the
type, light, how can I make the image more good. Also.
work with the producer actor. see what and how we can
do in the performance.

⑤ I may try to focus on some of the society problem
to show it in my performance. ~~there can be the help~~
the people who need help with my smaller problem.
